Who We Are

The Housing Finance Agency (HFA) is a semi-State company whose mission is to facilitate the delivery of social and affordable housing in Ireland.

We do this by providing long-term competitive finance to Approved Housing Bodies (AHBs), Local Authorities (LAs) and Higher Education Institutions (HEIs) and by using our financial expertise to support customers in the development and implementation of effective housing programmes.

The Housing Finance Agency is committed to promoting the creation and development of vibrant, inclusive communities where individuals and families can thrive.

Supporting Communities

The HFA's Social Investment Fund

The HFA also supports the development of sustainable, community enhancing initiatives and facilities through our Social Investment Fund (SIF).

As part of Fold Housing's successful submission to the SIF, flower arranger Lisa Nevin regularly holds classes for the tenants at their New Dolphin Park development in Dublin.
