Housing Finance Agency

Quantity Surveyor, Assistant Principal Officer (3 Year Contract)

About the Housing Finance Agency (HFA)

The Housing Finance Agency plc (HFA) provides loan finance to Local Authorities, Approved Housing Bodies (AHBs) and Higher Education Institutions to facilitate the delivery of social and affordable housing. The HFA is a key stakeholder in Ireland's national housing strategy, supporting the implementation of government policy.

The Role

The Housing Finance Agency (HFA) is seeking to recruit a Quantity Surveyor on a 3-year fixed term contract to support the Lending function of the HFA. Reporting to the Head of Lending, this is a newly created role that will play a vital part in strengthening the HFA's internal oversight of its growing loan book, which is projected to reach €11.9 billion by 2026.

The successful candidate will be responsible for, providing in-house cost management expertise across a wide range of AHB construction projects nationwide and producing meaningful management information to support strategic decision-making.

This role is central to a more proactive approach to portfolio oversight, particularly in relation to forward funding/construction projects for both social and cost rental schemes. As the HFA transitions key processes in-house, this position offers a unique opportunity to shape and deliver a new function within a dynamic semi-State organisation.

KEY RESPONSIBILITIES

Credit Assessment:

- Assist in the assessment of scheme viability, breaking down and providing clarity on construction project costs. Assisting the relationship management team in analysing and challenging valuation reports and value for money reports provided by customers. Highlighting potential risks with construction projects and advising on appropriate risk mitigants. Providing on the job training and insight for the team to assist them with robust credit assessments, annual and quarterly reviews.
- Assemble and analyse housing delivery cost data to inform viability assessments and cost-related decision-making.
- Develop cost metrics that support consistent evaluation of project costs and funding requirements.

- Prepare risk analyses to identify key cost, programme, and construction-related risks for proposed schemes.
- Provide support on remediation schemes such as pyrite-affected or defective block projects where specialist cost input is required.

Reporting and Governance:

- Prepare clear, concise recommendations for input to relationship management team credit papers. Produce accurate and timely management information from the live portfolio dashboard.
- Provide insights and reporting to the relationship management and senior leadership team.
- Provide technical briefings to non-technical audiences to ensure clarity and understanding of construction, cost, and programme issues.

Risk Management and Ongoing Monitoring:

- Provide analysis and confirmation (challenge where appropriate to AHBs) on forward funding stage drawdown requests. Reviewing 'progress reports' submitted by customers for construction projects and confirming and/or challenging same.
- Identifying where cost overruns are emerging, where construction projects are being delayed and not being delivered in line with programme timeline.
- Conduct nationwide site visits on active construction projects. Identify emerging risks and trends within the portfolio and escalate concerns in a timely and structured manner.
- Provide advice on costs and project controls relating to time, cost, and any contract issues that could impact project delivery timelines and approved parameters.

Drawdown Controls:

- Operate a lender check-list for each drawdown (certified progress vs. programme, value of work done, materials on/off site, etc). Recommend approvals/holds and document rationale.

Standards & Templates Ownership:

- Maintain lender-side templates (site visit report, drawdown pack, cost report, etc.) and ensure consistent application and audit trail.

Stakeholder Engagement:

- Build and maintain effective working relationships within the HFA's executive teams. Liaise with internal stakeholders including Relationship Management, Credit Assessment/Operations and Risk teams. Engage constructively with sector stakeholders, regulators, and Departmental bodies as appropriate.
- Liaise with external stakeholders including Local Authorities, AHBs, the Department of Housing, Local Government and Heritage (DHLGH),

Policy, Systems and Continuous Improvement:

- Contribute to the refinement of monitoring tools, and portfolio management systems. Keep informed of developments in the AHB regulatory framework, housing policy, and public-sector governance requirements. Support broader portfolio management and organisational objectives as required.
Support policy, programme, and delivery directorates by providing cost, technical, and programme insights that inform strategic decision making.

Procurement:

- Assist with any relevant procurement through e-Tenders, for consultants.
